CRAFTSMAN ONLINE - HOW TO REGISTER AND MOVE IN SERVERS (100% working method)

hello everyone its me g.babs and in this video i will show you how to connect on a multiplayer server in Mastercraft and Craftsman, after you watch the whole video you will be able to go and play multiplayer in mastercraft without any problem, but if you leave a video and skip parts you will not be able to connect and play mastercraft or craftsman online so make sure that you watch all the steps and then later go to craftsman or mastercraft and try to open a server and play multiplayer hopefully this helped and if it did make sure that you drop a sub and leave a like PLS :D
