Why there won't be any Past Paper videos for GCSE or A Level Physics this year!

This is why there aren't many AQA Past Papers available now! (I hope it's ok to use your logos Mrs Kitten and Mr Shorts - I guess that's a copyright infringement right there!) What can we do? I'm looking into it now, and I've got some plans but this issue faces many channels that currently have past paper work-throughs made by teachers for you to use when you're revising.
