Foot Pedal Trolling Motor Guide (Bass Tracker Classic XL, Minn Kota Edge)

One video we found tough to find when waiting on our new boat was how a trolling motor foot pedal controls work when using a bow mounted trolling motor. We had some time to put together a video for the basics with our Minn Kota Edge on the Bass Tracker Classic XL and wanted to share. If you found this video helpful, please consider subscribing for more videos! We're actively trying to grow this channel and your subscription directly helps with that! 3:13 to jump right into the how-to portion of the video. Minn Kota Trolling Motor Repair

I have a Minn Kota trolling motor (Endura C2 45lb thrust 3 1/4") that started stopping on me so I bout a rebuild kit for \$20 and I will show you how to replace bearings, seals and brushes. This should be close to the same for different models. Repair Kit: [fish307.com/minn-kota-brush-seal-kit-for-motors-3-1-4-3-25-diameter-housing/](https://www.fish307.com/minn-kota-brush-seal-kit-for-motors-3-1-4-3-25-diameter-housing/)  **DISCLAIMER: WHILE FIX THEM THINGS STRIVES TO MAKE THE INFORMATION PROVIDED IN THIS VIDEO AS ACCURATE AS POSSIBLE, IT MAKES NO CLAIMS, PROMISES OR GUARANTEES ABOUT THE ACCURACY, COMPLETENESS OR APPLICABILITY OF THE CONTENT. Putting a Minn Kota Edge on my new boat. How To Install A Bow Mount Trolling Motor.

This is an easy guide on how to install a bow mount trolling motor on your boat. The motor I have is a MinnKota EDGE 45. I used a factory quick-detach plate.

How to properly install wiring for a 24v Minn Kota Trolling Motor with a Circuit Breaker!

We finally had a nice, sunny day so that means it's time to uncover the boat and install upgrades I planned over the winter! In today's video I do a complete how to walk-through on properly installing the electrical components on a 24 volt trolling motor setup with 6AWG wiring and a 60 Amp circuit breaker from Minn Kota. My boat already came wired up, but with 40 Amp fuses and 12 gauge wiring - WAY under the specs recommended for a 24 volt setup and I was having issues with melted fuses and very hot wires. Time to upgrade! *PLEASE NOTE* in the install I use bare copper connectors and have never had an issue with them, but it is recommended to use tin plated copper for your terminal connections and wiring, which I have linked to below. Here's everything you need for this installation: 1. Minn Kota 60 Amp Breaker: [amzn.to/2JHvZU7](https://www.amazon.com/dp/B084ZW3LKW) 2. 18 feet of 6AWG Tin Coated Marine Cable Red and Black: [amzn.to/3agNvww](https://www.amazon.com/dp/B084ZW3LKW) 3. 2 Pack of 5/16" 6AWG Tin Coated Copper Battery Lugs: [amzn.to/2OwWe4e](https://www.amazon.com/dp/B084ZW3LKW) 4. Black and Red Shrink Wrap Kit: [amzn.to/2MZGt5o](https://www.amazon.com/dp/B084ZW3LKW) 5. Heat Gun: [amzn.to/2MR6vYD](https://www.amazon.com/dp/B084ZW3LKW) 6. PROPER Wire Crimps Battery Terminal lugs: [amzn.to/2LIPILY](https://www.amazon.com/dp/B084ZW3LKW) Recommended Battery Charger - ProMariner ProSport 3 Bank Charger: [amzn.to/3qeS3b6](https://www.amazon.com/dp/B084ZW3LKW) My Minn Kota Terrova trolling motor: [amzn.to/2LHwVdI](https://www.amazon.com/dp/B084ZW3LKW) Want more information on what kind of batteries to use? Check out youtu.be/YizBcI-3r6w Thanks for watching everyone, please be sure to subscribe, like, comment, dance for joy, that sort of thing...

Minn Kota Trolling Motor Power Center Review

I have owned 8 of these and they work great. link: [amzn.to/3aNCQa2](https://www.amazon.com/dp/B084ZW3LKW)

Minn Kota Endura C2 40 trolling motor review and test

A quick review on the Minn Kota Endura C2 trolling motor I picked up for the 1963 Skagit boat. We've already used it a few times so I wanted to go over it.
