### How to grease the brewing group of super-automatic coffee machine | Philips | HD8966

Discover how to grease the brewing group of Philips Automatic Coffee machine. The brewing group is the heart of every fully automatic coffee machine, and should be cleaned once a week. Our brewing group is easily accessible from the side, and can be removed with just one click for easy washing under the tap. To ensure that the mechanical parts will continue to move smoothly, lubricate your brew group regularly. To find more about Philips SAECO automatic espresso machines visit [usa.philips.com/c-m-ho/coffee/saeco-automatic-espresso-machines/latest#filters=BEANTOCUP\\_SU2&sliders=&support=&price=&price](http://usa.philips.com/c-m-ho/coffee/saeco-automatic-espresso-machines/latest#filters=BEANTOCUP_SU2&sliders=&support=&price=&price) To learn more about Philips SAECO grandbarista super automatic espresso visit [usa.philips.com/c-p/HD8966\\_47/granbarista-super-automatic-espresso-machine](http://usa.philips.com/c-p/HD8966_47/granbarista-super-automatic-espresso-machine) See our stories of how Philips innovations are improving peoples' lives around the world at: [philips.com/innovationandyou](http://philips.com/innovationandyou) Connect with Philips Online: - Visit Philips Website: [philips.com](http://philips.com) - Find Philips on Facebook: [philips.to/1vHLjSx](https://philips.to/1vHLjSx) - Follow Philips on Instagram: [philips.to/1jMbdfh](https://philips.to/1jMbdfh) - Follow Philips on Twitter: [philips.to/1wi1zsI](https://philips.to/1wi1zsI) - Follow Philips on Pinterest: [philips.to/1tIrM5Q](https://philips.to/1tIrM5Q) - Find Philips on Google +: [philips.to/1s2WrmS](https://philips.to/1s2WrmS) - Find Philips on LinkedIn: [philips.to/1w2TKJF](https://philips.to/1w2TKJF) - Visit Philips blog: [philips.to/1nxWpbo](https://philips.to/1nxWpbo) - Learn Philips news: [philips.to/1r8yRG5](https://philips.to/1r8yRG5)

### Easy automatic turntable repair

Do this at your own risk. Unplug the turntable before you work on it. My vintage aiwa stereo full automatic turntable system PX-E850 has a malfunction with the turntable. The belt was not broken and not the cause of the problem. It worked intermittently but would stop working randomly. It appears most automatic belt turntable problems can be traced to corroded or dirty contact points. Cleaning the points would usually return the turntable to its former self. You can clean the contact with fine grit sandpaper, electrical contact cleaner or rubbing alcohol. The contact points can be located by looking at the steel rods actuated with the push of the start or other buttons. Like all repairs, it's only easy if you know how to do it.
