### AIR FILTER SERVICE - Honda CRF70F

Welcome back to the Southwest ORV channel! This little Honda CRF70F gets a lot of love from men, women, and children. However, during the two years we've owned this motorcycle, we've never even cracked open the air filter housing. So we decided it's time! The filter was dirty as could be, but that also explains why the bike wasn't running perfect. As soon as we cleaned everything up and put the serviced air filter back in, the bike idled and ran better than it has in a very long time. Honda's play bikes are fantastic, and very family-friendly. The CRF70F is big enough, and small enough, to be fun for all.
