Nikon Learn & Explore - The Basics of Flash Photography

Mark Cruz of Nikon Canada examines one of the most important accessories that a photographer can own: an external speedlight. Getting more natural and creative looking portraits should be a goal for everyone, and a speedlight helps you down that path regardless of if you want to shoot full manual or using Nikon's i-TTL automatic metering. What is i-TTL metering? – 0:35 Natural looking indoor shots – 2:29 Flash Exposure compensation – 4:29

Shooting with Nikon SB-800 in Commander Mode

photofonz.com Here's how to set your Nikon D7200 or another compatible Nikon body to shoot a Nikon speedlight such as an

SB-800 in Commander Mode. This has the advantage of placing one or multiple Speedlights off camera and getting it to fire remotely. Later on in the video, while still keeping it simple, using 1 off-camera flash, you'll learn how you can do a portrait head shot using this technique. You'll also see the difference in the quality of light when a light modifier is used.
