The Future of Regulated Sports Gambling in New England

Last May, the U.S. Supreme Court's landmark decision in *Murphy v. NCAA* overturned the federal ban on state-authorized sports betting. In the aftermath of that historic decision, eight states commenced legal sports betting operations. Rhode Island was one of those states. With this year's state legislative sessions now underway, a number of other states in the New England area — including Massachusetts, New Hampshire, Maine, Connecticut and Vermont— are expected to consider the possibility of legalizing sports betting. This unique Town Hall program will bring together the key New England policymakers and industry stakeholders to discuss the future of regulated sports betting and examine key policy issues. Program participants include legislators, gaming regulators, lottery officials, and gaming industry professionals. 7:43 - Keynote: Charlie McIntyre, Executive Director NH Lottery 17:23 - Panel #1: Envisioning the Role of Lotteries in Sports Betting Paul Sternburg (Spectrum Gaming Group)(moderator) Charlie McIntyre (NH Lottery) Gerald Aubin (RI Lottery) Rep. Calling Dubai's Infamous Massage Cards... What Happens

"Massage" cards flood the streets and car windows in certain parts of Dubai. It's out of control and quite embarrassing for tourists. I got sick of seeing them everywhere so I decided to investigate exactly what happens when you call these cards. Behind these massage cards lurks a big scam too. One that tourists are unlikely to report to the Dubai Police. Luckily some have, so we know how this scam works. It's called the Black Widow Scam. You call the massage card, and when you get to the therapist's apartment you're beaten and robbed. Please donate to help the victims of trafficking. Sunitha Krishnan is the founder of prajwalaindia.com/. Hear her speak about the work she does by listening to her TED Talk youtu.be/jeOumyTMC18. Because the video is age-restricted, YouTube asks EU viewers for their ID for age verification. I had no idea. I can't fix that, it's some EU mandate. Sorry 📺 More info: blog.youtube/news-and-events/using-technology-more-consistently-apply-age-restrictions A CID official at the Dubai Police said about this scam: "Most of the time, the suspects, including the women, run away after carrying out the crime. But sometimes, they stay in the flats thinking that the victim would not inform the police." He added: "The Dubai Police have managed to arrest a number of gangs of African women over such illegal activities. Most of the gangs comprise of three women from African countries, and some of them have men as accomplices. They use massage cards and social media posts to attract men to their trap. The public should avoid such invitations to avoid falling prey to the fraudsters."
